

3. DESCRIPTION OF BASINS OF THE GREAT CASPIAN SEA	128
3.1. Prehistory of the Great Caspian Sea	128
3.2. Akchagylian stage (transgression)	135
3.3. Apscheronian stage (transgression)	148
3.4. Caspian stage (a series of transgressions)	156
3.4.1. Turkyan regression	156
3.4.2. Baku transgression	158
3.4.3. Venedian (Mishovdagh) regression.	162
3.4.4. Urundzhik transgression	163
3.4.5. Cheleken transgression	166
3.4.6. Early Khazarian transgression	167
3.4.7. Cherny-Yar regression	172
3.4.8. Late Khazarian transgression.	172
3.4.9. Atelian regression	174
3.4.10. Early Khvalynian transgression	176
3.4.11. Enotaev regression	184
3.4.12. Late Khvalynian transgression	186
3.4.13. Mangyshlak regression	187
3.4.14. New Caspian (post-Khvalynian) transgression	189
4. URGENT PROBLEMS OF THE GREAT CASPIAN SEA GEOLOGY AND PALAEOGEOGRAPHY	196
4.1. Origin of the Caspian basins and their fauna	196
4.2. Fluctuations of the Caspian Sea level: their structure, hierarhy and possible causes	200
4.3. On the salinity of the Caspian basins.	212
4.4. On the types of boundaries between stratigraphic units of the Aral-Caspian sequence	216
4.5. Straits of the Great Caspian Sea (the Pleistocene history of the Manych Strait)	219
Conclusions. History of the Grean Caspian Sea	230
